

BANGOR PUBLIC HEALTH AND COMMUNITY SERVICES CASE MANAGEMENT

WHY US?

Bangor Public Health's Case Management program is designed to help people where they are. We know everyone is different. We support each person as they go through their own journey. We speak up for people and help them find and use resources in the community. We try our best for the people we serve, and we value and care about everyone's well-being

WHAT TO EXPECT FROM US

- We will meet you wherever works best for you
- We help you find resources and services that fit your needs
- We provide support, not just during appointments
- We help plan your care, go with you to appointments, and speak up for you if needed

OUR SERVICES

Our Targeted Case Management services include:

- Learn what you need and create a care plan with you
- Help with HIV care and support
- Help with connecting to mental health and substance use services
- Support when urgent needs arise
- Speak up on your behalf so your voice is heard
- Help finding housing, MaineCare, and other services
